Dear SLOPES Members and Associates

This email from NPWS is forwarded for your information.

Clubs should have received this email directly from NPWS. If you did not, please contact Mariana at NPWS - her details are below.

In particular, please note the date - **20 June 2015** - scheduled for the Village Meetings this year.

SLOPES encourages Clubs to be represented at the meetings.

As usual, SLOPES will attend the meetings and report to Clubs afterwards.

Regards

Frank Zipfinger
 President
 SLOPES

Dear lessees/licensees

Perisher Range Resorts - Alpine Resorts Winter Access

Welcome to another winter season. The NPWS team is looking forward to working with you throughout the months ahead to assist with the success of your operations.

Information outlining procedures for winter operations in the ski resorts of Kosciuszko National Park (KNP) is available from our website including:

- Alpine Resorts Winter Access v8

<http://www.environment.nsw.gov.au/alpineresorts/kosciuszkonpresortswinteraccess.htm>

- Application form for oversnow operations

<http://www.environment.nsw.gov.au/resources/alpineresorts/150179winterappform.pdf>

Please ensure everybody involved with the operation of your business are made aware of the contents of this e-mail.

Village Meetings

Village meetings will be held as follows:

Guthega	20 June 15	10:00 am to 12:00 noon	Guthega Alpine Inn
Perisher Valley & Smiggins Holes	20 June 15	2 :00 pm to 4:00 pm	The Man from Snowy River Hotel

Text messages and emails will be sent to all lodge managers 1 week prior to the meetings and a notice will also go up in the Perisher Valley Post office.

Lodges and businesses are invited to send one or two representatives to listen to information, ask questions and contribute comments.

Lodge Managers

Before 2nd June 2015, it would be helpful if all directors of club/lodges could contact the Perisher office and provide in writing the name and contact details of your manager for this season. This will assist us in distributing information in a timely manner throughout the season and avoid delays in processing your applications. Text messaging to lodge managers' mobile phones will again be our main means of communication.

Authorised Parking

Authorised parking in Perisher and Smiggin Holes is very limited, and will be allocated according to eligibility and priority criteria, as outlined in the Alpine Resorts Winter Access information. NPWS cannot guarantee that all requests for authorised parking will be accommodated.

All parking bays will be chained with a NPWS lock until applications are processed and bays assigned. Submissions for authorised parking are to be received by **4pm Tuesday 2th June 2015**, so that allocations can be processed by the long weekend.

Allocations will be issued according to applications received and not on previous allocations.

Oversnow Vehicles Registration & Licences

The application forms for registration of oversnow vehicles and operator's licences must be completed and submitted to the NPWS Office at Perisher, accompanied by the relevant fees and documentation.

Trades\Contractors

Trades\Contractors vehicular access to lodges requires notification to the NPWS Office at Perisher by a lodge representative, prior to the trade/contractors arriving on-site.

All letters of authorisation should be on letterhead, signed by the applicant's employer (the lessor, director/president of club/lodge) or authorised manager, stating the applicant's needs to operate an oversnow vehicle.

Completed application forms may be presented in person or sent by mail to the NPWS Office at Perisher. All applications sent by mail will be processed and held at the NPWS Office at Perisher for collection by the applicant.

If you have any queries relating to this information please contact us.
