22 April 2015 at 14:30

Dear SLOPES Members and Associates

Attached is a copy of the 2015 winter season guidelines for Perisher and Smiggins just received from NPWS.

It can also be found here: <http://www.environment.nsw.gov.au/resources/alpineresorts/150177-winter-waste.pdf>

Please note this year there are 2 types of bags:

1. **CLEAR** - for bottles, cans and plastics and for paper and cardboard
2. **BLACK** or **GREEN** (heavy duty) - for all other garbage.

Alternatively, paper and cardboard may also be flattened and stored within another box or tied together (rather than being put in a clear bag)

The guidelines refer to organic food waste being dealt with in a separate waste stream. This is a new initiative to be introduced by NPWS for the first time in 2015. Details from NPWS are still to be receive and will be circulated once available.

Regards

Frank Zipfinger
