Dear SLOPES Members and Associates

Attached for your information is a copy of a Notification of Development Application received from Planning & Environment.

It relates to the proposed installation of a Telstra mobile base station at Blue Cow.

Feedback received by SLOPES is that coverage around Blue Cow is known to be very slow with black spots in places.

Hopefully, this tower will solve those issues and contribute to improved snow safety.

SLOPES is seeking further information on the proposal and will circulate information as appropriate.

In the meantime, persons wishing to make a submission are invited to do so in the Notification.

The closing date for submissions is **20 August 2015**.

Regards

Frank Zipfinger  
President
