Dear Sir

Notice of General Meeting - Friday, 30 August 1991

The National Parks and Wildlife Service (NPWS) has now issued the Plan of Management Draft Amendments 1991 for the Kosciusko National Park. As foreshadowed in earlier letters the proposal to appoint a head lessee for the Perisher-Smiggin and Guthega areas remains in place with absolutely no protection being proposed for sub-lessees at lease renewal time or against immediate increases in community charges. A growing number of clubs in the area now appreciate it is a potentially disastrous situation.

The Committee of SLOPES has been meeting on a weekly basis and individual members have met with a wide range of people who have provided recommendations on how the problem might be addressed. These suggestions are being refined and it is proposed to present them to a General Meeting of affected clubs for further discussion and implementation. It is therefore vital that representatives of your club attend this meeting.

The task we face is a daunting one but given our numbers, the justness of our case, a constructive counter proposal and a unified and extensive response, we believe that we can win the day. We do, of course, need the wholehearted support of your club.

The venue we have chosen is large enough to hold two or three members from each club but if you would like to bring more please feel free to do so. The details of the meeting are as follows:

Date: Friday, 30 August 1991
Venue: Macquarie University
Building C5C, Theatre 1
(A location map is attached)
Time: 7.30 pm - doors open at 7.15 pm.

Yours faithfully
