Dear Members

Forwarded for your information is an email from the Department of Planning on this issue.

As previously advised, Daniel and Scott are excellent points of contact in the Department for SLOPES and it's Members..

Daniel and Scott regularly attend our SLOPES AGMs to speak on topics of common interest in relation to planning.

You are encouraged to contact them directly if you have any questions.

Regards

Frank Zipfinger

Hello Stakeholders,

The *Disability (Access to Premises - buildings) Standards 2010* (the Premises Standards) commenced on **1 May 2011**. The Premises Standards affects different classes of buildings in different ways and is triggered through any application for a building approval for a new building or upgrade of an existing building. The Department can provide assistance in determining the class of your building and advice on how you may be affected by the Premises Standards.

If you are planning any renovations or maintenance works during the 2011/12 construction period it is highly recommended that you contact us early.

For more information on the Premises Standards please see the following:

If you would like to discuss any aspects of the Premises Standards please contact Scott Reid, Senior Building Surveyor, on 6456 1733.
