## Perisher Investing \$4.2 Million in NEW Chairlift and Snowmaking

**Perisher, Australia's favourite ski resort, today unveiled an early Christmas gift for all skiers and snowboarders, announcing the replacement of the Leichardt T- Bar with a new quad chairlift to be ready for the 2019 winter. The investment includes a significant snowmaking project bringing the total cost to \$4.2 million with the work planned for the 2018/2019 summer.**

"News of the new quad chairlift is very exciting as it services a favourite area for many of

Perisher’s loyal guests,” said Peter Brulisauer, chief operating officer of Perisher. “The new lift will access fantastic beginner, intermediate and advanced runs as well as the famous Leichhardt Terrain Park providing something for every level of skier and snowboarder.”

The new quad chairlift will increase lifting capacity in the area by a huge 75%, giving guests more time to ski and board popular runs including The Cleft, Powder Ridge, Snowy Trails and the Leichhardt Terrain Park.
