To the XC Community -

We are sad to circulate this flyer. It was a sudden blow, with no warning. Although the shop is closing, John is considering his options and the XC community will be kept informed. AND the XC community is being offered a great opportunity to help him clear the shop with a serious sale!

We wish John, his family and staff the very best and hope that this is the beginning of something good as well as the end of something special.

Regards,
Peter Ward
