Dear SLOPES Members and Associates

This email updates you on the following:

**1. Dates to diarise in 2019**

With the end of 2018 fast approaching, this is a good time to remind you of some important dates to diarise please in 2019:

- > 20 to 22 April - **Back to Perisher Weekend** (Easter)
- > 8 to 10 June - **Peak Music Festival** (June long weekend : <http://peakfestival.com.au/> )
- > 8 June - **Perisher Historical Society Annual Dinner**
- > 14 September - **Perisher Cup** (67th running)
- > 18 November - **SLOPES AGM**

**2. Lease Clause 7.9 Services Installation Certificate**

Our email of 6 December 2019 updated Clubs on the need to comply with clause 7.9 in our leases by providing up to 3 certificates prior to 30 June 2019.

See: <https://slopes.org.au/wp/wp-content/uploads/2018/12/636-Services-Installation-Certification-NPWS-SLOPES-email-6-12-18.pdf>

Attached to the email were templates provided by NPWS to be used for the electrical and gas services certificate.

NPWS has informed us today that the gas services template may be amended.

The position should be clarified late this week or early next week.

So it is recommended Clubs defer organising this certificate until further notice.

Separately, we have had a good response to the proposal that SLOPES co-ordinate a bulk arrangement to try and save Clubs time and effort in complying.

If you are interested in participating in a bulk arrangement and have not replied previously, then please let us know.

Subject: Ground shooting program notification - Perisher Range Resorts and Charlotte Pass ski resort - December 2018 to March 2019

Hi All,

This email is to provide notification of a ground shooting program targeting rabbits and hares within the Perisher Range Resorts and Charlotte Pass Ski Resort areas to be undertaken between 13<sup>th</sup> December 2018 and 29<sup>th</sup> March 2019. The attached map highlights the areas to be targeted for the program.

The first shooting operation during this period will take place between the 13<sup>th</sup> and 21<sup>st</sup> December 2018. Subsequent notification will be provided prior to future shooting operations undertaken as a component of this program.

The objective of this program is to decrease the impacts associated with rabbits and hares on both the environment and resort infrastructure within the resort areas of Kosciuszko National Park. The program includes shooting operations undertaken by authorised NPWS officers and authorised NPWS contractors. Please note that in most instances NPWS officers will use a silenced weapon and one NPWS contractor is authorised to use a pneumatic firearm (.22 calibre air rifle). The operations will be carried out between the hours of 19:00 and 23:00 each evening. However, no shooting will be undertaken as a component of this program on weekends, public holidays, NSW public school holidays or during public events. Shooting operations will also be limited to times and areas of low visitation and lodge/accommodation occupancy. All rabbit carcasses resulting from this program will be collected and removed from the resort areas.

Please pass this information along to your staff / lodges, and if you require any more information please don't hesitate to get in contact on the below numbers.

Kind regards,

**Bryce Williams**
