29 September 2020 at 09:21

Dear SLOPES Members and Associates

SLOPES partners with Energy Action to reduce energy costs to Clubs.

The program was initiated in 2018 and many have Clubs received significant reductions in their electricity costs.

For background on that program see: <https://slopes.org.au/wp/wp-content/uploads/2018/08/SLOPES-email-576-Energy-Action-Review-310718.pdf>

There is a new opportunity to further reduce costs (Clubs which didn't participate in 2018 are also eligible to join).

Simply upload the most recent electricity account to:

<http://www.bill-buster.com.au/>

Energy Action will run an auction in October with a number of energy providers who will offer more competitive prices than currently – with potential savings to Clubs.

Participating Clubs will receive an offer via email for a new price which they can accept or reject – uploading your account is obligation free.

If you decide to accept the new offer you simply inform Energy Action of your decision.

If you have any queries about this opportunity please contact either:

Steve Dodd at Energy Action
